Dear Mom & Folks

Hope things are fine back home. Things pretty dead here. The Tigers just won the World Series & boy & sure was disappointed. They both played pretty bad ball & didn't look like Champs

Still about 10 miles from Paradise & get in once in a while. They have a good movie show there & a fine Red Cross also sell ice-cream which isn't bad.

They are starting to send out high points & it looks pretty good for me. I have the most points of any one in the Company & should leave for a Staging Area within five weeks. So if things go right I should be home for Christmas. It sure will be wonderful to get

back home once again. Two years over there is a good long while to be over here & it would be the nicest Christmas present in the world to be home for Christmas.

Here is another money order. Real lucky lately. This month we can send home all the money we like for next month they are going to put a stop to ~~putting~~ sending too much money. Also sending a wonderful picture of myself and a friend ~~of mine~~ taken just after the Bob Hope show. Don't let that hair-cut scare you. It was a modern style & was just right for last summer.

Must go to work now so shall close. Please write soon.

Love to All

"Dick"
